Homepage	8	Verify if the user is able to replace the image in profile icon		
Homepage	9	Verify if there is icon present to represent upload on profile icon		
Homepage	10	Verify if there is icon present for edit profile icon		
Homepage	11	Verify if there is icon present for delete profile image		
Homepage	12	Verify if the icon present on profile is same as contact person icon e.g. in our smartphones		
Homepage	13	Verify if the profile icon present is in grey colour to distinguish it from actual image		
Homepage	14	Verify if the uploaded image takes the shape of a circle		
Homepage	15	Verify if in case extra large image is uploaded then it should give the error message "Please upload the image of p×q dimensions"		
Homepage	16	Verify if in case user tried to upload any gif, clipart then the user should get the error message "Please upload png, jpeg format of an image"		
Homepage	17	Verify if after uploading the image, user receives a message of successful upload		
	18			
Homepage	19	Verify if the Title is present on the Homepage		
Homepage	20	Verify if the title is centre aligned		
Homepage	21	Verify if the font size is same as the products specifications		
Homepage	22	Verify if the font style of the title is same as the products specifications		
Homepage	23	Verify if text colour of the title is same as the products specifications		
Homepage	24	Verify if the title is in sentence case		
	25			
Homepage	26	Verify if the subtitle is present on the Homepage		
Homepage	27	Verify the spaces between the words		
Homepage	28	Verify the spell check of the subtitle text written		
Homepage	29	Verify if any required punctuation is missing		
Homepage	30	Verify if subtitle is placed below the Title of the Homepage		
Homepage	31	Verify if the font size of the subtitle is small as compared to the Title of the Homepage		
Homepage	32	Verify if the subtitle text written is one liner only		
	33			
Homepage	34	Verify if there are 4 features/sections on the Homepage		
Homepage	35	Verify if 1st feature is profile feature		
Homepage	36	Verify if 2nd feature is Billing and Subscription		
Homepage	37	Verify if 3rd feature is My Apps		
Homepage	38	Verify if 4th feature is Explore Our Products		
Homepage	39	Verify if all the 4 features present on the Homepage are in card/carousel form		
Homepage	40	Verify if all the 4 cards present in the Homepage are square in shape		
Homepage	41	Verify if the display of all the 4 cards are uniform across the homepage		
Homepage	42	Verify if all the 4 cards are in equal dimensions		

Homepage	43	Verify if all the 4 cards are in equal spacing		
Homepage	44	Verify if the cards 'Profile' & 'Billing & Subscription' are placed horizontally together		
Homepage	45	Verify if the card 'Profile' is in left of 'Billing and Subscription'		
Homepage	46	Verify if 'My Apps' & 'Explore Our Products' are placed horizontally together		
Homepage	47	Verify if the Card 'My Apps' is in left of 'Explore Our Products'		
Homepage	48	Verify if all the 4 cards are clickable		
Homepage	49	Verify if all the 4 cards navigates to their respective page when clicked		
Homepage	50	Verify if Feature name of every card is centre aligned on the top of the card		
Homepage	51	Verify if the font size of every 4 cards are uniform according to product specifications		
Homepage	52	Verify if the font colour of every 4 cards are uniform according to product specifications		
Homepage	53	Verify if the font style of every 4 cards are uniform according to product specifications		
Homepage	54	Verify if Feature name is in Pascal Case		
Homepage	55	Verify every card consists of small description		
Homepage	56	Verify if the font size of the description is small as compared to the Feature name		
Homepage	57	Verify if the descriptions on every card is respective to their features		
Homepage	58	Verify if every card consists of an image visualising their feature		
Homepage	59	Verify if the image is aligned right of the description text		
Homepage	60	Verify if the description text is aligned left to the image		
Homepage	61	Verify if the description text is aligned below the feature name		
Homepage	62	Verify if there is no extra text present on any card for navigation		
Homepage	63	Verify if the image is rounded from the corners and uniform across all the 4 cards		
Homepage	64	Verify the if 'Profile' card is clicked, it's navigated to 'Profile' settings		
Homepage	65	Verify the if 'Billing and Subscription' card is clicked, it's navigated to 'Billing and Subscription' settings		
Homepage	66	Verify the if 'My Apps' card is clicked, it's navigated to list of 'My Apps'		
Homepage	67	Verify the if Profile card is clicked, it's navigated to Profile settings		
	68			
Profile page	69	Verify if the profile page contains profile icon same as Homepage		
Profile page	70	Verify if the title is present on the profile page with dimensions same as that of homepage		
Profile page	71	Verify if in subtitle of homepage, email ID & mobile no is also present		
Profile page	72	Verify if there is a valid email address		
Profile page	73	Verify if the email is of the authorised person		
Profile page	74	Verify if the email address has correct format i.e. abd@gmail.com		
Profile page	75	Verify if there is No disposable email id		
Profile page	76	Verify if the email id is on the leftmost side of the subtitle		
Profile page	78	Verify if the mobile number contains 10 digit no		
Profile page	79	Verify if mobile no starts with 7/8/9		
Profile page	80	Verify if the mobile no is of existing user		
Profile page	81	Verify if the email id is of existing user		
Profile page	82	Verify if both email & mobile number are readable		
Profile page	83	Verify if both email & mobile number are in same line		
Profile page	84	Verify if both email & mobile number are of same font size		
Profile page	85	Verify if email & mobile are separated by vertical slash (/)		
Profile page	86	Verify if there is equal spacing to the left & right of the vertical slash (/)		
Profile page	87	Verify if there is a label of Admin on the rightmost of the subtitle		

Profile page	88	Verify if there is no specific colour differentiation of Admin label		
Profile page	89	Verify if Admin label is in Sentence case		
Profile page	90	Verify if mobile & Admin label is separated by ()		
Profile page details	91	Verify if in profile page no other page/feature is available		
Profile page details	92	Verify if there is a tab based separation for user profile & team members profile

Profile page details	116	Verify if all the 7 fields are vertically aligned to maintain uniformity across user profiles		
	117			
Accounts & Billing Page	118	Verify if the module name is Products & Billing		
Accounts & Billing Page	119	Verify if the module name is centre aligned		
Accounts & Billing Page	120	Verify if the module name text is having same dimensions as homepage title		
Accounts & Billing Page	121	Verify if the module description is understood by the user trying to explore the product		
Accounts & Billing Page	122	Verify in case of Word ACCOUNTS, it should be replaced by PRODUCTS to understand better		
Accounts & Billing Page	123	Verify if there is any such button named as Open, since it is written multiple times *click to open*		
Accounts & Billing Page	124	Verify if there are 5 tabs in this module		
Accounts & Billing Page	125	Verify if 1st tab is Product		
Accounts & Billing Page	126	Verify if 2nd tab is Billing details		
Accounts & Billing Page	127	Verify if 3rd tab is Transaction History		
Accounts & Billing Page	128	Verify if 4th tab is Invoices		
Accounts & Billing Page	129	Verify if 5th tab is Payment Methods		
	130			

Product Tab	131	Verify if there are 8 columns in this tab		
Product Tab	132	Verify if 1st column is Products & Apps		
Product Tab	133	Verify if 2nd column is Plan		
Product Tab	134	Verify if 3rd column is Users		
Product Tab	135	Verify if 4th column is Price		
Product Tab	136	Verify if 5th column is Billing Frequency		
Product Tab	137	Verify if 6th column is Next Billing Date		
Product Tab	138	Verify if 7th column is Status		
Product Tab	139	Verify if 8th column is Action		
Product Tab	140	Verify if 1st column list all the App/Product names		
Product Tab	141	Verify if 1st column list all the App/Product icons		
Product Tab	142	Verify if 2nd column list the type of plan user has selected for his product		
Product Tab	143	Verify if there are 5 types of Plan		
Product Tab	144	Verify if the plan consists of (Free, Essential, Professional, Business, Agency)
