Chatbot uses motivational/encouraging memes in the flow of conversation | | | | | |

| TC-CGS-05 | Chatbot gif sharing | Verify if Chatbot is NOT using sad/upset emoji if user does NOT provide input as expected format | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot provides instructions to the candidate<br>5. Chatbot DO NOT uses sad/upset/gifs/emoticons in the flow of conversation | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| TC-CI-01 | Chatbot Input | Verify if chabot is suggesting specific format for the specific attribute | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request particular field e.g. Name/DOB<br>5. Candidate provides the random data, not at all relevant and valid e.g. M/54645 in case of Name/DOB respectively<br>6. Chatbot suggests the candidate to provide details in the specific format | | | | | |
| TC-CNI-01 | Chatbot Name Input | Verify if chatbot is suggesting user that it does not accept no. in case of Name | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request particular field e.g. Name<br>5. Candidate provides 54645<br>6. Chatbot suggests the candidate "Only letters are accepted for Name" | | | | | |
| TC-CNI-02 | Chatbot Name Input | Verify if chatbot asks for Full Name instead of Name | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot should ask to input Full Name | | | | | |
| TC-CNI-03 | Chatbot Name Input | Verify if chatbot is NOT asking for Name attribute only | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot should ask to input Full Name | | | | | |
| TC-CNI-04 | Chatbot Name Input | Verify if chatbot response is customized for different conditions | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot should ask to input Full Name<br>5. Candidate provides just first name<br>6. Chatbot suggests the format of Full Name<br>7. Candidate provides just last Name<br>8. Chatbot suggests the format of Full Name again, but with different example | | | | | |
| TC-CNI-05 | Chatbot Name Input | Verify if chatbot suggests user that it does NOT accept "single letter" in case of name field | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request particular field e.g. Name<br>5. Candidate provides e.g "R"<br>6. Chatbot suggests the candidate "Kindly provide valid Full Name" | | | | | |
| TC-CNI-06 | Chatbot Name Input | Verify if chatbot suggests user that it does NOT accept "special character" in case of name field | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request particular field e.g. Name<br>5. Candidate provides e.g "%@%$"<br>6. Chatbot suggests the candidate "Special characters are not accepted in Full Name" | | | | | |
| TC-CNI-07 | Chatbot Name Input | Verify if chatbot suggests user that it does NOT accept "Blank spaces" in case of name field | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request particular field e.g. Name<br>5. Candidate provides e.g "       "<br>6. Chatbot suggests the candidate "You cannot keep the Full Name empty" | | | | | |

| TC-CNI-08 | Chatbot Name Input | Verify if Chatbot checks for Full Name properly e.g. Gupta Saxena (both are last names) | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request particular field e.g. Full Name<br>5. Candidate provides e.g "Gupta Chauhan"<br>6. Chatbot suggests the candidate "Multiple Last Names are not acceptable" | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| TC-CNI-09 | Chatbot Name Input | Verify if Chatbot checks for Full Name properly e.g. Rashi Swati (both are First names) | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request particular field e.g. Full Name<br>5. Candidate provides e.g "Rashi Kriti"<br>6. Chatbot suggests the candidate "Multiple First Names are not acceptable" | | | | | |
| TC-CNI-10 | Chatbot Name Input | Verify if there is any character limit for Full Name field | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request particular field e.g. Full Name<br>5. Candidate provides e.g "JyotiKanikaRadhikaAnshulShreya"<br>6. Chatbot suggests the candidate "Max of 15 characters are acceptable" | | | | | |
| TC-CEI-01 | Chatbot Email Input | Verify if chabot validates the correct email format | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id<br>5. Candidate provides e.g "hhghsjhky"<br>6. Chatbot suggests the candidate "Please provide the valid email format" | | | | | |
| TC-CEI-02 | Chatbot Email Input | Verify if Chatbot shows alert message in case user tries disposable emails | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id<br>5. Candidate provides e.g "abcd@30minmail.com"<br>6. Chatbot suggests the candidate "Third party emails are not acceptable" | | | | | |
| TC-CEI-03 | Chatbot Email Input | Verify if chatbot alerts user for non-existing emails | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id<br>5. Candidate provides e.g "abcd@gmail.com"<br>6. Chatbot suggests the candidate "Please provide existing emails" | | | | | |
| TC-CEI-04 | Chatbot Email Input | Verify if chatbot suggests user that email field DO NOT accepts random data e.g. letters/digits/special character/spaces and their combinations | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id<br>5. Candidate provides e.g "ddjdj" / "$#^#' / "3477", "    "<br>6. Chatbot suggests the candidate "You cannot enter random data in Email field" | | | | | |
| TC-CEI-05 | Chatbot Email Input | Verify if chatbot suggests to use his/her personal ids only to the user, in case user tries some random email e.g. abc@outlook.co | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id<br>5. Candidate provides e.g "abc@outlook.co"<br>6. Chatbot suggests the candidate "Please check email_id you have entered" | | | | | |
| TC-CEI-06 | Chatbot Email Input | Verify if chatbot alerts the user if domain is provided by the user is correct  e.g. xyz@somya.org | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id<br>5. Candidate provides e.g "xyz@somya.org"<br>6. Chatbot suggests the candidate "Please check the domain you have entered in the mail_id" | | | | | |

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| TC-CEI-07 | Chatbot Email Input | Verify if chatbot suggests user NOT to enter his/her official_id | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id<br>5. Candidate provides e.g "kush@sits.com"<br>6. Chatbot suggests the candidate "Please do not provide your official id" | | | | | |
| TC-CEI-08 | Chatbot Email Input | Verify if chatbot alerts the user if there is NO prefix in email provided by the user e. g. @gmail.in | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id<br>5. Candidate provides e.g "@gmail.com"<br>6. Chatbot suggests the candidate "Prefix is missing from the email_id you have entered" | | | | | |
| TC-CMI-01 | Chatbot Mobile No Input | Verify if chatbot accepts only 10 digit mobile no. | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "62578594607636" / "1435263"<br>6. Chatbot suggests the candidate "Please provide a 10 digit mobile no." | | | | | |
| TC-CMI-02 | Chatbot Mobile No Input | Verify if chatbot alerts user if he/she is entering more than 10 digit no | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "62578594607636"<br>6. Chatbot suggests the candidate "More than 10 digit no is not acceptable." | | | | | |
| TC-CMI-03 | Chatbot Mobile No Input | Verify if chatbot alerts user if he/she is entering less than 10 digit no | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "1435263"<br>6. Chatbot suggests the candidate "Less than 10 digit no is not acceptable" | | | | | |
| TC-CMI-04 | Chatbot Mobile No Input | Verify if chatbot alerts user if he/she is entering decimal no e.g. 454747.588 | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "636745.45365"<br>6. Chatbot suggests the candidate "You cannot provide a decimal number" | | | | | |
| TC-CMI-05 | Chatbot Mobile No Input | Verify if chatbot alerts user if he/she is entering no starting from 9/8/7 i.e. Indian Standard Format | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "142337487"<br>6. Chatbot suggests the candidate "Your number should start from 9/8/7/6" | | | | | |
| TC-CMI-06 | Chatbot Mobile No Input | Verify if chatbot alerts user if he/she is entering letters/special characters/spaces | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "hjjkk" / "%##&#", "    ", "$&$^jjff    "<br>6. Chatbot suggests the candidate "Mobile number field accepts only digits" | | | | | |
| TC-CMI-07 | Chatbot Mobile No Input | Verify if chatbot alerts user if he/she is entering negative no | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "-64637485667"<br>6. Chatbot suggests the candidate "Mobile number field do not accepts negative no." | | | | | |

| TC-CMI-08 | Chatbot Mobile No Input | Verify if chatbot checks if the user entering mobile no exists or NOT | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "8923537757"<br>6. Chatbot suggests the candidate "Please enter a number that is already existing" | | | | | |
| TC-CMI-09 | Chatbot Mobile No Input | Verify if chatbot alerts the user if he tries 10 digit zero's as mobile no | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile Number<br>5. Candidate provides e.g "0000000000"<br>6. Chatbot suggests the candidate "Mobile number cannot be zero" | | | | | |
| TC-CEI-09 | Chatbot Email_id Input | Verify if chatbot asks for Email field as "Please enter your email_id" | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Email_id as "Please enter your email_id" | | | | | |
| TC-CMI-10 | Chatbot Mobile No Input | Verify if chatbot asks for mobile no as "Please provide your mobile no" | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile No as "Please enter your mobile number" | | | | | |
| TC-CC-05 | Chatbot Conversation | Verify if chatbot asks for another attribute/required info as soon as previous info/field is provided in correct format and valid values | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile No as "Please enter your mobile number"<br>5. Candidate provides the relevant info<br>6. Chatbot immediately asks for another field e.g. "Select your Location"<br>7. Process continues until all the info is collected by chatbot | | | | | |
| TC-CC-06 | Chatbot Conversation | Verify if chatbot provides user the method to change the info in case he/she entered something wrong by mistake | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request Mobile No as "Please enter your mobile number"<br>5. Candidate provides e.g. "abcdef"<br>6. Chatbot immediately prompts the candidate e.g. "Are you sure? Do you want to provide your details again"<br>7. Process continues until all the info is collected by chatbot | | | | | |
| TC-CLD-01 | Chabot Location Dropdown list | Verify in case of selecting from Dropdown list, chatbot should ask "Select your state/location" instead of "Auto suggestion Input Type" | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location" | | | | | |
| TC-CLD-02 | Chabot Location Dropdown list | Verify if there is a label of "Select" written in case of Dropdown List | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select" | | | | | |
| TC-CLD-03 | Chabot Location Dropdown list | Verify if there is NOT a label of "Type here..." written in case of Dropdown list | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select" | | | | | |

| TC-CLD-04 | Chabot Location Dropdown list | Verify if chatbot is NOT allowing blank fields to be submitted, instead alert the user "Please enter the required info" | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request "Name"/ "Email_id" / "Mobile No"<br>5. Candidate submit without typing anything | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|
| TC-CLD-05 | Chabot Location Dropdown list | Verify if Dropdown list shows up immediately as user taps on the input field | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate taps on the text field containing Dropdown list | | | | | |
| TC-CLD-06 | Chabot Location Dropdown list | Verify if Dropdown list appears as soon as user starts typing any letter in the input field | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list | | | | | |
| TC-CLD-07 | Chabot Location Dropdown list | Verify in case if user tries entering digits/special character/spaces, chatbot alerts user to "Only letters are accepted" | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list e.g. 235235, %#^, "     " | | | | | |
| TC-CC-06 | Chatbot Conversation | Verify if the message received from chatbot appears to be first in animated moving 3 dots (e.g. when person is typing) so that user does NOT feel he/she is speaking to a robot/machine | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot starts typing something | | | | | |
| TC-CC-07 | Chatbot Conversation | Verify if chatbot messages are differentaible from that of the user's message | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request any field e.g. name, email<br>5. Candidate provides the relevant details | | | | | |
| TC-CC-08 | Chatbot Conversation | Verify if chatbot messages are left aligned and user messages are right aligned | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request any field e.g. name, email<br>5. Candidate provides the relevant details | | | | | |
| TC-CC-09 | Chatbot Conversation | Verify if there is Avatar for chatbot and user specifically corresponding to messages | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing any letter on the text field containing Dropdown list<br>7. Location starting with particular letter at starting will be highlighted | | | | | |

| TC-CLD-16 | Chatbot Location Dropdown List | Verify if user types particular letter e.g. H/h, NO location including H in between is highlighted | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing any letter on the text field containing Dropdown list<br>7. Location including with particular letter at starting should not get highlighted | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| TC-CLD-17 | Chatbot Location Dropdown List | Verify if location is selected successfully when user selects particular location available in the list | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. Candidate selects any particular location e.g Mizoram | | | | | |
| TC-CLD-18 | Chatbot Location Dropdown List | Verify if there is option available to select "others" in case location is NOT from the list and user can type | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. Dropdown list should consists of "Others" option and a text field is available so that he/she can type his/her location | | | | | |
| TC-CLD-19 | Chatbot Location Dropdown List | Verify the box dimension do NOT collapse when particular location is clicked | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. No box should get collapsed when that particular location is clicked | | | | | |
| TC-CLD-20 | Chatbot Location Dropdown List | Verify if the selected location box changes its colour complementary to rest of the dropdown list e.g. White colour box with light blue text | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. Candidate selecting the location must change is font colour and box-fill automatically | | | | | |
| TC-CLD-21 | Chatbot Location Dropdown List | Verify if the same location is auto-filled as soon as location is selected from the dropdown list | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. Candidate selecting the location must auto-populate in the text field "Select" | | | | | |
| TC-CLD-22 | Chatbot Location Dropdown List | Verify if all the locations present in the dropdown list, user is able to select/deselect | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. Candidate is able to select/deselect the location e.g. "Uttrakhand" | | | | | |

| TC-CC-08 | Chatbot Conversation | Verify if chatbot asks the user if he/she has submitted /filled all the details valid and maybe used for verification | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. Candidate is able to select/deselect any particular location e.g. Uttrakhand<br>8. Candidate tried to submit the assessment<br>9. Chatbot confirms if the info provided by the candidate is valid and it may be used for further verification | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| TC-CC-09 | Chatbot Conversation | Verify if chatbot asks for submission of assessment as "Are you ready to submit the assessment?" instead "Press Tick when you are done" | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. Candidate is able to select/deselect any particular location e.g. Uttrakhand<br>8. Candidate tried to submit the assessment<br>9. Chatbot asks "Are you ready to submit the assessment?" | | | | | |
| TC-CAS-01 | Chatbot Assessment Submission | Verify if chatbot provides submit option/ button | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4. Chatbot request to select the location as "Select your Location"<br>5. In the text field the label should be "Select"<br>6. Candidate start typing on the text field containing Dropdown list<br>7. Candidate is able to select/deselect any particular location e.g. Uttrakhand<br>8. Candidate tried to submit the assessment<br>9. Chatbot asks "Are you ready to submit the assessment?"<br>10.There is a Submit button in Chatbot | | | | | |
| TC-CLD-23 | Chatbot Location Dropdown list | Verify if there is NO repetition of location name in the Dropdown list | https://hellotars.notion.site/Tars-QA-Testing-Internship-Challenge-2022-9310774ebed943a4ae9b4e7aed7040ef | 1. Launch the chatbot in your Mobile/Laptop<br>2. You will directed to chatbot assessment page<br>3. You will see a welcome Note by the chatbot<br>4.
